Person who trained the educator (child's Health Care Practitioner, child's parent, program's Health Care Consultant):	

Name of Licensed Health Care Practitioner (please print): _____

Licensed Health Care Practitioner authorization: _____ Date: _____

Parental/Guardian consent: _____ Date: _____

For Older Children ONLY (9+ years of age)

With written parental consent and authorization of a licensed health care practitioner, this Individual Health Care Plan permits older school age children to carry their own inhaler and/or epinephrine auto-injector and use them as needed without the direct supervision of an educator.

The educator is aware of the contents and requirements of the child's Individual Health Care Plan specifying how the inhaler or epinephrine auto-injector will be kept secure from access by other children in the program. Whenever an Individual Health Care Plan provides for a child to carry his or her own medication, the licensee must maintain on-site a back-up supply of the medication for use as needed.

Age of child: _____ Date of birth: _____ Back-up medication received? YES NO

Parent signature: _____ Date: _____

Administrator's signature: _____ Date: _____

Food Allergy Action Plan

Student's Name: _____ D.O.B: _____ Teacher: _____
